

MEMORANDUM

**DATE:** SEPTEMBER 23, 2021

**TO:** PARK AND RECREATION COMMISSION MEMBERS

**FROM:** MARGARET ORLANDO & LAURA DURHAM, DIVISION CHIEFS  
RECREATION SERVICES DIVISION

**SUBJECT:** PARK AND RECREATION COMMISSION DIVISION UPDATE ITEM IV

**2021-2022 OSTP Modified School Year Update:**

Currently, RPCA has waiting lists at Charles Barrett, Mount Vernon, Leonard Armstrong, and Patrick Henry Recreation Centers; and John Adams and MacArthur Schools. Charles Houston (serving mostly Jefferson-Houston and Maury school children) and William Ramsay Recreation Centers are currently at capacity and often have later sign-ups than other locations so waiting lists are still expected at those program sites. Nannie J. Lee Recreation Center (serving almost all Lyles Crouch school children in a different operational model) is also full, with a waiting list of 12. **RPCA has 1,018 youth enrolled and 189 on waiting lists at 10 locations.** There are children on waiting lists who do have spots in other program sites or programs but want to remain on the waiting list for their preferred location. The last full school year in 2019-2020 had enrollment of over 1,400 children in elementary after school care at 10 locations.

**Program Wrap-Ups**

- **Classes and Camps** ran multiple specialty camps each week this summer. Utilizing the city's field spaces and being flexible with indoor locations, we were able to accommodate 108 separate camps this summer hosting campers ages 4-14. Camps ranged from multiple sports (basketball, fencing, skateboarding, etc.) to fine arts and tech camps. There were 1,008 overall registrations, 41% of total enrollments from 2019.
- The annual end-of-season **Dog Swims at Warwick and Old Town Pools** were held on September 18 or 19.
- On August 28, Charles Houston's fantastic Pickleball coach George Dwyer did a **pickleball parking lot exhibition**. This exhibition included one court for learning and demonstration, while the other court included actual play.

- On August 14, Charles Houston had a **3-point shoot-out contest**. Participants received trophies for 1st and 2nd place. Due to the events success, it will now be held monthly.
- On August 12, the Patrick Henry Recreation Center held its **End of the Summer 2021 Blast** Program for youth Participant. During that week, the youth participated in a verity of fun filled activities. They raced each other in the inflatable obstacle course, fishing, tug of war, and other fun games and activities.
- On Thursdays, from 7-8 p.m., the Patrick Henry Recreation Center conducted a revamp **Adult Cardio & Weight Training** class for the City of Alexandria residents. This is a cardio and weight training exercise program that is designed by using our weight and cardio fitness machines in a timed interval system to increase endurance, burn calories, strengthen, and tone muscles and improve flexibility.

### **Program Updates**

- **Fall programs** are scheduled to begin on September 13. Programs will be mostly in-person and located at various sites throughout the city. Some new programs being added this fall include My First Music class, Therapeutic Yoga for Anxiety, and Adult and Youth Outdoor Pickleball classes. Open for registration are also our Winter Break camps.
- After a year in a half, Nannie J. Lee staff are excited to welcome the **Youth Achieving Greatness Program** back! On the first day our participants were ready to enjoy some fun activities, creative arts and crafts and energetic extreme games. NJL staff have been extremely helpful by making sure the program remains safe, clean, and full of fun.
- The **Senior Stretching** class as increased in popularity. This low impact stretching class is designed for seniors to improve range of motion, increase circulation, decrease potential injury, and improve rest. During the months of June and July 2021, the program was relocated to the Lee Center due to ACPS utilizing that space. Now that the summer school session is over the Senior Stretching has resumed at Patrick Henry Recreation Center.

- During the COVID-19 pandemic the Patrick Henry Recreation Center conducted a modified **Body Part Aerobic Class**. The class took place during the month of July on Mondays, 8/16/21 - 9/17/21. This is a low-impact exercise using a chair aerobic workout with slow everyday movements to tone and sculpt the body. the use of chairs will aid in increasing balance, coordination, and flexibility.

### Upcoming Events

- Join the Charles Houston Recreation Center for a **Halloween Bingo and Pumpkin Carving Event**. We will be carving out our scariest pumpkins followed by a few rounds of Halloween Bingo. Costumes optional but highly encouraged. This is a family fun event for all ages. Light refreshments will be served.
- Kick off the Leonard Armstrong Halloween season with our **OSTP Halloween Fest** on Saturday, October 10 from 12:30-3 p.m. (two sessions to help maintain the social distance and face covering guideline). This free friendly spooky event will feature food, vendors, games, music, and a costume contest.
- Silver Sneakers BOOM MOVE** is a higher intensity dance workout class at Patrick Henry that improves cardio endurance and burns calories. MOVE is all about breaking a sweat and having fun. The class focuses on cardio endurance by starting with simple dance moves then building into more complex sequences, bringing you a great cardio workout.

### Special Features

- London Thomas**, Program Coordinator, has completed her **Certified Program Planner** course. This course gives the student the title of Certified Program Planner and the knowledge of best practices when planning/marketing/budgeting for programs.
- Several certifications were earned by Chinquapin/Outdoor Pool staff this summer:
  - Certified Water Aerobic Instructor - **Roxy Guandique and Sarah Driscoll**
  - Certified Pool Operator - **Glib Semeniuk and Richard Daley**
  - Certified Pool and Spa Service Technician - **Lisa O'Neill**

- **Lindsay Burneson**, Regional Program Director at the Chinquapin Park Recreation Center and Aquatics Facility earned a **Master of Science in Organizational Leadership**.
- **Chinquapin underwent summer-long renovation** and cleaning, which included:
  - Replastering and cleaning of Chinquapin's Rixse Memorial Pool. This will improve the longevity, cleanliness, water conservation, appearance, and safety of the pool shell for several years.
  - Replacement of the pool and locker room tile flooring. This will improve the safety, cleanliness, and appearance of the pool deck and locker rooms.
  - Removal of the wooden pool deck bleachers, which have reached the end of their lifespan and can no longer be safely used.
  - Refinishing and painting of the pool ceiling to improve appearance, cleanliness, lighting, and air quality.
  - Replacement of the lobby entry lighting to improve safety and appearance.
  - Annual deep cleaning and disinfection of the entire facility to provide a safe and clean space for users and employees upon reopening.

# City of Alexandria, Virginia

## MEMORANDUM

DATE: SEPTEMBER 23, 2021

TO: PARK AND RECREATION COMMISSION MEMBERS

FROM: OSCAR MENDOZA, DIVISION CHIEF - PARK OPERATIONS, RPCA

SUBJECT: PARK OPERATIONS MONTHLY UPDATE

### 1. PARK AND FACILITIES MAINTENANCE

#### a. Park Maintenance:

- Holmes Run Scenic Easement wooden bridge repairs were finished this month.
- Schuyler Hamilton Jones Skateboard Park staff conducted its end of summer pressure washing of the Park this month.

#### b. Park Facilities Maintenance:

- Continued irrigation maintenance and repairs as needed.
- Several water spigots repairs at Chinquapin and Holmes Run gardens.
- Installed new ac/heat unit at Simpson field office.

### 2. URBAN FORESTRY & HORTICULTURE

#### a. Urban Forestry:

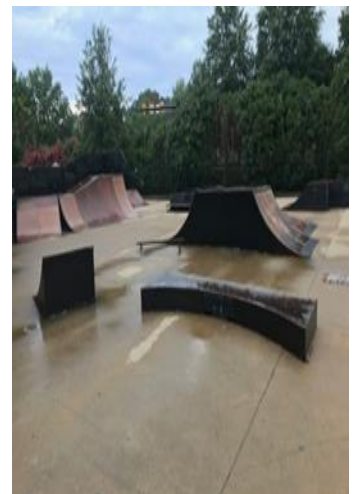

- Continued summer storm response and pruning and removal operations.
- Surveyed for crape myrtle bark scale and found pest prevalent citywide text

#### b. Horticulture & Landscape Maintenance:

- This month we welcomed Maureen Sturgill into Park Ops as Recreation Manager – Landscape Maintenance and Community Gardens. Maureen is a long time City Employee and came to Park Ops from the Cultural Arts Division side of the RPCA having worked with the Special Events Office, the Torpedo Factory and Recreation Services. We welcome Maureen to Park Ops!

*Holmes Run bridge repairs.*

*Skateboard Park pressure washing.*

- Both gardens are active for the 2021 season and popular with both City residents and non-residents. Chinquapin is full this season as well as Holmes Run, and both have a good-sized wait list. The beehive area at Chinquapin has also been well-utilized.
- Contracted landscape and mowing services – These services began on April 1st and will continue through the end of October. Schedules are posted online every month.

### 3. NATURAL LANDS MANAGEMENT

#### a. Invasive Plant Management and Ecological Restoration:

- Staff removed Oriental Bittersweet, Porcelain-berry, Long-bristled Smartweed, Japanese Stiltgrass, and other non-native invasive weeds from Dora Kelley Nature Park, Chinquapin Park, Fort Ward Park, Fort Williams Park, and Timberbranch Parkway.
- Staff supervised our contractor, Invasive Plant Control (IPC), in the removal of Porcelain-berry, Callery Pear, Sawtooth Oak, Siberian Elm, Chinese Elm, Mimosa, Bush Honeysuckle, and many other invasive plants at Chambliss Park, Ben Brenman Park, Angel Park, Hilton Street fence line, Beatley Library Meadow, and Telegraph and Duke Meadow Complex.

#### b. Cooperative Initiatives:

- Staff delivered nearly 5 gallons of various pesticide concentrates discontinued for use by Natural Lands Management, such as neonicotinoids, to a VDACS collection site through Virginia's Pesticide Disposal Program. The collected pesticides are shipped to Ohio for incineration.
- City Natural Resources Field Inspector continued the Annual Tick Drag Project at the Ben Brenman Park and Fort Ward Park meadow areas.
- City Natural Resources Field Inspector completed the first cycle of frog call surveys in August.

### 4. JEROME "BUDDIE" FORD NATURE CENTER

#### a. Programs/Updates:

- The Nature Center remains closed to public visitation for the month of August. We conducted 1 summer camp program for a total of 6 participants.

#### School Programs:

- There were no school programs during the month of August.

*Water spigot repair.*

*Water spigot repair.*

*New ac/heat unit.*

*Chinquapin Garden*

Outreach Programs:

- The Nature Center continues to participate in the Torpedo Factory's Saturday Waterfront Dockets. Our presentation on Saturday, August 21<sup>st</sup> was on Bird Migration as fall migration begins in our region.

Onsite Programs:

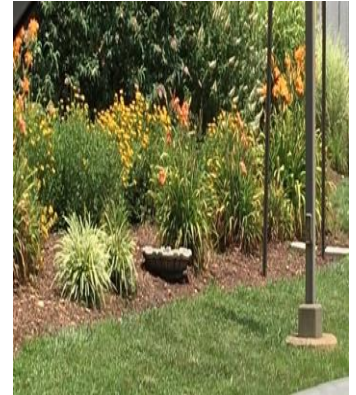

- Nothing to report this month.

b. Volunteers Hours:

- In August, 3 volunteers reported 98 hours. Volunteers have been working on weekly animal health checks and the renovation of our pollinator garden.
- The NVMG group continues to work on invasive removal and transplanting desired species in our pollinator garden and plans are underway for a fall planting.

c. Noteworthy:

- This month we welcomed Stephen Florence as the new Recreation Manager - Naturalist. Steve is a dual US-Australia citizen and has previously worked for the Smithsonian National Zoo, the Australian Department of the Environment, the US Department of State and the National Education Travel Council. We welcome Steve to the Nature Center RPCA!

*Vola Lawson Animal Shelter*

*Common Partridge-pea.*

*VDACS pesticide collection.*

*VDACS pesticide collection.*

*Our Science Explorers learned about constellation and created their own with an accompanying story.*

*Our Science Explorers learned about the field of zoology which included meeting some of the Nature Center's ambassadors like our corn snake.*

*New Recreation  
Manager/Naturalist Steve Florence*

## MEMORANDUM

**DATE:** SEPTEMBER 23, 2021

**TO:** PARK AND RECREATION COMMISSION MEMBERS

**FROM:** JACK BROWAND, ACTING DEPUTY DIRECTOR *JB*  
RECREATION, PARKS & CULTURAL ACTIVITIES

BETHANY ZNIDERSIC, DIVISION CHIEF *BZ*  
PARK PLANNING, CAPITAL DEVELOPMENT & WATERFRONT

**ITEM 5:** PARK AND RECREATION COMMISSION DIVISION UPDATE  
PARK PLANNING, CAPITAL DEVELOPMENT & WATERFRONT

---

### Capital Improvement Project Update

Project Managers: Bethany Znidersic, Acting Division Chief, Capital Development and Jack Browand, Acting Deputy Director

- **Awarded** - Armistead L. Boothe Park Synthetic Field Conversion Project Design Contract
- **Awarded** - James T. Lockett Restroom Construction Contract
- **Awarded** - Nicolas Colasanto Interactive Fountain Design Contract
- **Awarded** - Multi-Court Athletic Light Replacement (William Ramsay & Armistead Boothe)
- **Awarded** - Swimming Pools Maintenance and Repairs ITB
- **Awarded** - Fort Ward Park Picnic Shelter ADA Access Construction ITB
- **Awarded** - Tree Planting Invitation to Bid
- **Awarded** - Architectural Engineering for Eugene Simpson Stadium Park – Ball Fields Renovation (RFQU)
- **Awarded/Cancelled/Awarded** - Holmes Run Bridge Demolition at 4600 Duke ITB
- **In Progress** - Landover Park ADA Access Ramp design
- **In Progress** - Fence Installation, Repair and Removal ITB
- **In Progress** - Landscape Architect of Record Request for Qualifications (RFQU)
- **In Progress** - Holmes Run Trail Flood Damage Repair Design (RFQU)
- **Submitted** - Fort Ward Park Playground Renovation Construction ITB
- **Submitted** - Chinquapin Park Playground Renovation (RFQU)
- **Submitted** - Powhatan Park Renovation (RFQU)

### Small Area Plan & ACPS Modernization Coordination:

- Landmark Mall
- Eisenhower East
- Potomac Yard North

- Arlandria-Chirilagua
- High School Project Minnie Howard Campus
- Douglas MacArthur Elementary School
- Patrick Henry K-8 & Recreation Center Restart (FY 2023)

### **Armistead L. Boothe Park Synthetic Field Conversion Project**

Project Managers: Bethany Znidersic, Acting Division Chief, and Jack Browand, Acting Deputy Director

The RPA Exception Request was unanimously approved at the Planning Commission public hearing on June 24. Final design is in progress and the 90% plans have been submitted to the City for regulatory review. It is anticipated that an award for construction will be finalized in winter 2021/2022 and construction will begin in the spring. Visit the [Project Website](#) for up-to-date information.

### **5 West Braddock Road Park Renovation/ Planting Project**

Project Manager: Daniel Unkle, Urban Planner II

Staff is currently working on the design for 5 West Braddock Road per the recommendations of the 2020 Pocket Park Plan. Improvements will focus on Recommendations two, three, four and five and include new plantings, a new path, and two new park benches. Implementation is anticipated in spring of 2022.

### **Four Mile Run Park – Betty King Entrance Improvements**

Project Manager: Daniel Unkle, Urban Planner II

The Four Mile Run Park Citywide Park Plan includes a recommendation to formalize the park entrance at Edison Street. The entrance, named for Betty King, will be improved with two new benches and one ADA accessible picnic table all on new FlexiPave surfacing. Construction started mid-September. Anticipated completion is early October.

### **Ben Brenman Park – Somerville Pedestrian Path Solar Lights Project**

Project Manager: Daniel Unkle, Urban Planner II

Twelve solar lights will be installed along the Somerville path that connects Somerville street to the Ben Brenman dog exercise area. The project is funded through a development contribution. The community voted to select this improvement for the use of the contribution funds. The lights are currently in manufacturing and are anticipated to be installed in winter of 2021. The new solar lights will be similar to the solar lights installed at the Ben Brenman dog exercise area in 2019.

### **Eugene Simpson Stadium Park Renovation**

Project Manager: Bethany Znidersic, Acting Division Chief

Eugene Simpson Stadium Park is one of the six parks in the 2014 Citywide Parks Improvements Plan. A capital improvement program (CIP) project is scheduled in FY2022 and FY2023 to address the Plan recommendations for both diamond fields, parking, picnic areas, ADA, stormwater and site circulation. A solicitation for the project design team is complete and the contract will be issued this week. The project team anticipates starting survey work in October and staff will provide the Commission with a schedule update after the project kick-off. Community engagement continues for the potential Plan Amendment to include conversion of one or both diamond fields to synthetic turf (Attachment 1). Visit the Simpson Eugene Park Stadium Park [Project Website](#) for up-

to-date information.

### **Holmes Run Trail Repairs Update**

Project Managers: Jack Browand, Acting Deputy Director

The City held a community meeting July 28, 2021, to provide a project update. A stakeholder advisory group was created to keep the community informed. Continued storms over the summer resulted in additional damage to all four sections. As a result, the portion on 4600 Duke/Jordan Streets will need to require the removal of the trail bridge and a full replacement of the bridge and associated culvert bank restoration. Design services for the project is anticipated to be awarded in late September. Demolition activities for the 4600 Duke/Jordan Streets' bridge is scheduled to begin week of September 20. See attached community email Updates #1 and Update #2 (Attachment 2) Visit the [Project Website](#) for up-to-date information.

### **Luckett Field Batting Cages**

Project Manager: To be Determined

The installation of two 70' length adult league batting cages are underway at Luckett Field and will be completed in September, weather permitting. The project is a recipient of a FY2021 Community Matching Fund award. Alexandria Little League fund raised \$9,950 this past spring towards the project and the City matched their contribution.

### **Community Matching Fund**

Project Managers: Judy Lo, Acting Principal Planner, and Lucresha Murphy, PARKnership Manager

The FY2022 Community Matching Fund application period opened on May 6 and closed on June 25. Staff did not receive applications by the June deadline. Staff are currently re-evaluating the FY2022 program schedule and will come back to the Commission this fall with recommendations.

### **Open Space Steering Committee Update**

Project Managers: Judy Lo, Acting Principal Planner and Ana Vicinanzo, Urban Planner II

The Open Space Steering Committee is nominating a chair and co-chair at the September 28 meeting. The Committee will adopt the electronic policy at this meeting to allow for members to participate via remote instead of in person. Additionally, Committee will begin the process for Task 2 of the three-task policy plan. Visit the Open Space Policy Plan [website](#) for more information.

### **Fort Ward Park and Museum Area Management Plan**

Project Managers: Judy Lo, Acting Principal Planner and Jack Browand, Acting Deputy Director

Consistent with the City Council approved Fort Ward Management Plan, the area 2 picnic area access improvements project were to begin week of September 20. Due to a concern from a family member of the descendent group, the project is currently on hold. Staff will provide additional information in October or November. For additional information on the approved plan and community engagement, visit the [Project Website](#).

## City of Alexandria, Virginia

---

### MEMORANDUM

**DATE:** SEPTEMBER 23, 2021

**TO:** PARK AND RECREATION COMMISSION

**FROM:** BETHANY ZNIDERSIC, ACTING DIVISION CHIEF *BZ*  
PARK PLANNING AND CAPITAL DEVELOPMENT

**THROUGH:** JACK BROWAND, ACTING DEPUTY DIRECTOR *JB*

**ITEM:** EUGENE SIMPSON STADIUM PARK CITYWIDE PARK PLAN  
AMENDMENT

---

**ISSUE:** Park and Recreation Commission update on a proposed amendment to the Eugene Simpson Stadium Park Citywide Park Plan.

**RECOMMENDATION:** That the Park and Recreation Commission (1) receive the update on the Eugene Simpson Stadium Park Citywide Park Plan and (2) schedule a Public Hearing on the proposed amendment to the Citywide Park Plan.

**BACKGROUND:** In the summer of 2012, the Department of Recreation, Parks and Cultural Activities (RPCA) began a multi-year process with the public to develop a Citywide Parks Improvement Plan. The goal of this initiative was to study and understand the existing conditions and future needs for Alexandria's parks that are over 10-acres, municipally owned, and have multiple uses. The Plan was endorsed by the Park and Recreation Commission on April 10, 2014. The Plan includes 18 recommendations for Eugene Simpson Stadium Park (Simpson). Seven of the recommendations are complete or in progress. The park's remaining outstanding recommendations are funded for design through the Capital Improvement Program (CIP) and will be implemented using FY2023 CIP funding.

**DISCUSSION:** Staff have begun community outreach for the proposed amendment to the 2014 Citywide Parks Improvements Plan. Staff presented the amendment at the September 13 Youth Sports Advisory Board meeting to receive input on the proposed amendment and the planned community outreach. Staff will reach out to stakeholder groups and conduct meetings to receive feedback on the proposed amendment.

In order to allow sufficient time to conduct the stakeholder group meetings, staff is deferring the public hearing until the Park and Recreation Commission October meeting. At the October meeting, staff will present the findings of the community outreach and a recommendation on the proposed amendment to the 2014 Plan.

The amendment has been posted for public comment on the website and comments will be received through October 20, 2021.

The proposed amendment to the 2014 Plan is as follows:

- 1) New Recommendation: Provide the option to convert one or both of the existing natural turf diamond fields to synthetic turf.

**FISCAL IMPACT:** The Eugene Simpson Stadium Park renovation project is funded through the Recreation, Parks and Cultural Activities Capital Improvement Program (CIP). The project design contract is anticipated to be awarded in July or August. Construction funding for the project is currently planned for FY2023 in the CIP. Construction is budgeted for \$13.5 million and currently does not include synthetic turf surfacing.

**STAFF:**

Bethany Znidersic, Acting Division Chief, RPCA

Mathew Landes, Division Chief, Department of Project Implementation

**From:** [Jack Browand](#)

**Subject:** Holmes Run Trail Repairs Stakeholder Group email Update - September 2, 2021  
**Date:** Thursday, September 2, 2021 4:55:05 PM

---

To: Holmes Run Trail Repairs Stakeholder Group (BCC)

I want to thank all of you for attending the Holmes Run Trail Repairs Community Meeting on July 28.

Since July 28, the City has continued final actions to award a contract for design services for the trail damage at Ripley St.; west of 395/east of Beauregard St; and west of Beauregard St. within Dora Kelley Park. It is anticipated that the final award will occur this month and design activities will begin immediately. Design is scheduled to be completed in 12 months from final award.

I am sure that all of you are aware of the significant rain events that occurred on August 15, August 20 and August 31/September 1. In each of these rain events, the City received several inches of rain in a short period of time that resulted in further damage to the four sections of Holmes Run Trail. Additional damage at the 4600 Duke/Jordan St. crossing has resulted in the requirement to remove and replace the bridge and the northern bridge abutment. The replacement of these facilities requires a full design, which will delay the start of repair activities which was reported to begin this month (September). Staff will provide an updated schedule as soon as possible. The additional damage to the other three portions as provided above, at this time, has not affected the planned design schedule.

Separate from the four projects above, a portion of the gravel trail between the fair-weather crossing and Beauregard St. washed out resulting from the storms from August 31 through September 1. The portion of paved trail from the fair-weather crossing west to just east of the wetland area received damage resulting from the August 15 storm. Staff are currently identifying options to restore these areas.

In addition, the following are updates to other projects identified when we met on July 28:

1. City staff have met with a contractor to receive a cost proposal for the Beatley Bridge Resurfacing Project. The cost proposal is anticipated to be received in mid-September. Impacts are expected to be 1-3 days.
2. City staff have met with a contractor to receive a cost proposal to replace the footbridge over the culvert on the southside of Holmes Run reconnecting the desire path. The cost proposal is anticipated to be received in mid-September.
3. Repairs to the wooden walkways on the east and west side of Beauregard are ongoing. Weather permitting, the work will be completed this month (September).
4. City staff are receiving proposals to address the trail flooding on the paved trail east of Beauregard. Following the completion of that project, the portion of trail to the damaged bridge will reopen to the community.

Finally, this email group was created from the meeting sign-in sheet on July 28. I did have trouble reading many of the emails and I am sure some are incorrect. Please reach out to your friends and

neighbors who attended to verify they received this email. If not, please ask them to email me at [Jack.Browand@alexandriava.gov](mailto:Jack.Browand@alexandriava.gov), and I will add them to the email group to receive updates as they become available. In addition, as information becomes available, staff will update the [Holmes Run Trail Repairs](#) project website.

City staff are tentatively planning to schedule a second Community update meeting in mid-October. The next meeting will be announced to this stakeholder group, through City eNews, and on the [Holmes Run Trail Repairs](#) project website.

Sincerely,  
Jack Browand

**From:** Jack Browand

**Sent:** Friday, September 17, 2021 5:05 PM

**Subject:** Holmes Run Trail Repairs Stakeholder Group email update #2 - September 17, 2021

To: Holmes Run Trail Repairs Stakeholder Group (BCC)

This email update is in reference to the 4600 Duke/Jordan St. crossing. The City has contracted with a construction company to remove the bicycle/pedestrian bridge and one abutment at the culvert. The work is planned to begin during the week of September 20, and weather permitting, the work will be completed within five business days. Preparations continue for the design and full replacement of this crossing. In addition, the City is working with adjacent property owners to potentially provide a shorter more direct detour around the culvert.

For public safety, the portion of Holmes Run Trail will be closed on the west side of Duke St. behind the Harris Teeter during active demolition activities. Please use the established detour route if using the trail.

City staff continue to plan for a second Community update meeting in mid-October. The next meeting will be announced to this stakeholder group, through City eNews, and on the [Holmes Run Trail Repairs](#) project website.

Sincerely,  
Jack Browand
